

WHY WORK FOR WALLBRIDGE?

We are an equal opportunity employer committed to building an exceptional company by fostering a stimulating, engaging, and inclusive workplace where all employees can thrive. We share our vision and values to inspire our team and support our continued growth and success.

Joining our team provides you with the opportunity to join a dynamic exploration company with a multi-million-ounce gold resource base and a robust project pipeline. Our projects span from a PEA-stage development project advancing toward a PFS, a high-potential resource growth asset, and a large, under-explored regional land position located directly along trend from Canada's largest producing gold mine.

Position:	Senior Geologist
Location:	Fenelon Project, NW Quebec
Department:	Exploration
Schedule:	14/14 – 5/2 as required
Reports to:	Exploration Manager or Designate
Employment Type:	Full-time
AI Disclosure:	Artificial intelligence-assisted technology is not used to screen and assess applications.
How to Apply:	In order to apply please send your resume to jobs@wallbridgeminig.com

DUTIES AND RESPONSIBILITIES:

- Demonstrated commitment to promoting safe work practices and positive workplace environment
- Provide technical and project management expertise to the company's exploration team:
 - On site supervision of drill and field exploration programs to ensure completion on-time/on-budget
 - Ensuring consistent and accurate data collection and management by geology team
 - Generation and critical review of exploration targets, data analysis and geologic interpretation
 - Development of deposit-scale geologic models (lithology, structure, mineralization, alteration) to support robust mineral resource estimates and well-informed exploration targeting decisions
- Communicate effectively with members of the Exploration, Operations, Health Safety and Environmental teams to ensure successful execution of critical path objectives and workflows
- Collaborate and contribute to the preparation and delivery of internal and external presentations, written reports and public news releases
- Assist senior management by providing informed input into the preparation of fit-for-purpose exploration programs, timelines and budgets

WHAT YOU BRING TO WALLBRIDGE:

- Strong organizational and project management skills
- Ability to effectively delegate work while maintaining forward motion on key deliverables
- Engaged team builder with the ability to foster productive internal and external relationships
- Ability to mentor, coach and develop a team of young professionals to become well-rounded economic geologists, self-directed explorationists, and accountable results-driven leaders
- Adaptability to work effectively as a member of a diverse high performing team in a dynamic fast-paced environment, managing conflicting demands and challenges to achieve key objectives and deliverables
- Strong interpersonal skills and an ability to engage effectively at all levels of the organization
- Excellent problem solving, analytical and decision-making skills
- Experience exploring for gold and base metals in diverse geologic settings and field environments
- Working knowledge of economic requirements needed to support a commercially viable mining operation
- Comfortable working independently with minimal supervision in remote camp environment
- Effective computer skills including MS Office and geologic software (e.g., Leapfrog, QGIS, ioGAS, acQuire)

EDUCATION & PROFESSIONAL CREDENTIALS

- P. Geo designation as a Practicing Member of appropriate Provincial associations, OGQ preferred
- Bachelor's degree in geology or geological engineering; Master's Degree considered a plus
- Minimum of 8 years' experience in mineral exploration and resource development
- French language proficiency is considered a plus

WE OFFER OUR EMPLOYEES:

- Collaboration with experts in the mining field
- Opportunities for growth within the company
- Excellent company-paid benefits

If you are looking to join an organization that is committed to the health and safety of its employees, values its human capital above all other resources, and continuously improves the way it conducts its business, then this position is for you.

Benefits:

- Dental care
- Disability insurance
- Employee assistance program

- Extended health care
- Life insurance
- On-site gym
- Paid time off
- Vision care
- VRSP
- Competitive compensation and benefits package
- Professional development and career growth opportunities

We are dedicated to maintaining a respectful, diverse, and accessible workplace and welcome applications from all qualified candidates. Accommodations are available upon request throughout the recruitment process in accordance with applicable legislation.

We do not require Canadian work experience except where required by law or professional licensing requirements. Language requirements, where specified, are based on the bona fide requirements of the position. We value every applicant's interest in joining our team. Candidates selected for an interview will be informed of the outcome of the recruitment process within 45 days of their final interview.
