About Wallbridge Mining

Wallbridge is focused on creating value through the exploration and sustainable development of gold projects in Quebec's Abitibi region while respecting the environment and communities where it operates. The Company holds a contiguous mineral property position totaling 598 km^2 that extends approximately 82 km along the Detour-Fenelon gold trend. The property is host to the Company's flagship PEA stage Fenelon Gold Project, and its earlier exploration stage Martiniere Gold Project, as well as numerous greenfield gold projects.
